Dear Sir Herbert:

I enclose herewith some reflections on Latin American politics. I hope you can spare the time to glance through them.

I have been recently appointed Director of Cultural Affairs at the Pan American Union and look very much forward to the pleasure of seeing you in Washington in the near future. I should imagine you travel quite frequently to the United States.

Gómez Sicre, whom you met in Córdoba, directs the Visual Arts Department in the Union and is now in Spain for the inauguration of the exhibition of Spanish-American art selected by González Robles.

Although temporarily absent from the Mafia of the specifically visual arts world which can only be a part of my present worries, I feel hopeful that this intermezzo will not mean my losing touch with the art world.

You know how much I respect your knowledge and wisdom in art and how much I value your judgment. May be we will find an opportunity to have you visit us so that we might profit from your valuable advice in the formation of the Latin American collection which we are selecting for our Visual Arts Department.

Hoping to hear from you in a non too distant future, I remain.

Yours very sincerely,

Rafael Squirru  
Director  
Department of Cultural Affairs
